

June 11, 2020

We have some unfortunate news to share: one of our Health Services Department staff tested positive during our weekly testing for COVID-19.

We are diligently working to identify any patients that has had close contact with the staff member and will be reaching out to them to test and self-isolate as necessary.

Our clinic will be closed today and tomorrow for proper cleaning and all staff will be re-tested prior to re-opening on Monday.

This is a reminder that any of us can still contract COVID-19 and we need to be diligent in continuing to stay home as much as possible, wear masks in public, and wash hands frequently.

We are committed to being transparent and will keep you all updated.

Feel free to contact Jolene Sullivan at 360-860-0375 if you have questions.
